A spinster, a college belle, and the housemaid all contrive to win the "only" man. However, providence is kind and Mike comes back to claim the "only" girl.

election, worked out according to predictions. The vote tallied 640 against and 63 for the bond issue.

The \$220,000 sewerage and waterworks bond issue failed to pass because scup did not include all of the village, only the A. A. Lewis subdivision, with the understanding, that after the whole village would pay the heavy taxes for three years, the village then could hook on, with the ability of more bonds.

All the above vote count are unofficial as none of the election boards have canvassed any votes.

WLS OBSERVES 25 YEARS OF SERVICE

Twenty-five years of radio service to the midwest is the record chalked up this month by the Prairie Farmer station, WLS.

Just a few of the many interesting events of those years are told in the April 16 Prairie Farmer by Arthur C. Page, associate editor of Prairie Farmer and farm program director of WLS. He describes the very first WLS program to go on the air, on which many notable appeared. Grace Wilson, still a favorite with WLS listeners, sang a new song on the very first broadcast.

Many other events through the years are told, including some of the times that WLS has been of great public service in helping relieve the sufferings of those who were victims of floods, tornadoes, and more personal disasters. The Christmas Neighbors club, the Dinner Bell program, the WLS National Barn Dance, and many other events in which WLS has participated through the last 25 years are related. During these years the farm news programs and broadcasts of the station have reflected the phenomenal agricultural progress of the period. In fact, it helped make some of the progress possible.

Bobzin-Swinford Post 1098

The regular monthly meeting of the Bobzin-Swinford Post 1098 of Frankfort was held in the Frankfort village hall, Monday evening, April 11 with Commander Howard Osmus presiding. The athletic director, Kenneth Oetter, gave a favorable report on activities sponsored by the Post in the past season. With the first year of sponsoring a basketball team a success, the Post went on record to continue sponsoring the present team during next season. It was also asked if the Post would sponsor a junior softball team to play, the Post will supply the needed equipment. At present the Post has enough bats and balls to open the season so any one wishing to play softball on Sunday afternoon contact Kenneth Oetter or the Post Commander Howard Osmus.

The Legion essay contest being sponsored by the Bobzin-Swinford post for grade school pupils in sixth, seventh and eighth grades, will close locally on the 15th of April in order to give the judges time to judge the best essays for local awards presented by the Post, before sending the winners into the district for the state contest. It was decided by the Post to award the best essay written in each class with an essay medal. Presentation of these awards will be made during the Memorial day program.

Commander Howard Osmus announced at the meeting that the Glenwood Manual Training school band and marching unit would participate in the Memorial day parade and program this year. Legion members were asked to donate their cars to help carry more of the school's marching unit to Frankfort from their school as they do not have room enough to carry their band and marching unit in their school bus.

Committees were appointed to plan for the Memorial day program at the village hall and the cemetery and to meet with the village board. A dance committee was also appointed to make plans for the third annual Memorial Day dance sponsored by the post.

Again this year, the people of Frankfort have the opportunity and the privilege of contributing to the care of the men who fought for their country, through the medium of purchasing poppies from the Auxiliary unit of the Bobzin-Swinford post on Poppy day. The poppy is the memorial flower sold each year by the American Legion as a memorial to our hero dead, and as a means of financing our entire service program. The profits from the sale to posts at five cents each maintains the service department and all profits over five cents are used for service work by the Posts and the Units. The budget set for this year for the service department is \$116,245.00. Over the years in which we have conducted an annual poppy sale, the department has received a total from all poppy sales of \$1,035,632.62 and in the same period we have spent \$1,264,401.22. This is a total of \$288,769.60 over our entire receipts. The American Legion is sincere in their effort to render service to needy veterans and their dependents.

New Lenox Band To Give Concert

This band took first place honors at the district band contest held recently at Downers Grove. They are hoping for good local support to assure them the trip to Bloomington.

After 60 years, Mokena has a new railroad station. Monday April 18 was the date the old station was closed for good and the spic and span brand-new depot was opened for business, across the tracks to the south of the old Rock Island landmark.

It is reported that the old depot has been sold to Howard Frooge of Springfield, former employee of the Rock Island at Mokena. He will wreck it at its present site and move it to his home town where it will take on some other form of building. The Mexican shanty to the west of the old building has also been sold, to Clinton Kraus of Mokena. He plans to move it and convert it into a garage.

The new depot is 47 feet long and 23 feet wide, is constructed of brick with a red composition roof. Inside, the building is finished with red composition walls and ceiling, the walls decorated with sand finish plaster tinted green with the exception of the west wall, which is done in plastic wall paper in white with a green tint.

The waiting room is furnished with modern plywood chairs of oak and walnut finish, while the room is set off with large picture windows. The ticket office itself is equipped with white aluminum venetian blinds. The building is lighted throughout with fluorescent lights of the latest type, and it is heated temporarily with oil heat.

Outside, one looks upon a 300 foot concrete platform, 10 feet wide with a red danger line through its entire length.

The contractor for the building was Daniel S. McGrath of Chicago. Ernest Pfeiffer of New Lenox did the concrete work. The contract has been let for the landscaping of the area surrounding the building, and plans call for the construction of a driveway from the east end of the platform with steps entering the platform from the south as well as the west end. Outside the depot, The platform is lighted with three big platform lights and five of the canopy type.

Mr. Whitney Carter, present station agent, has been with the Rock Island railroad for the past 29 years, having come to Mokena in 1925 from Chicago when the railroad company installing the interlocking system, when he took on the "night trick" under the late J. C. Nielsen, who served as Mokena Rock Island agent for 40 years, until his death. He was succeeded by Harvey Frick who was agent for a couple of years until he was transferred to New Lenox as agent. Mr. Carter then was promoted to agent at Mokena.

In December 1946 the Rock Island moved the C.T.C. system (centralized traffic control) to Joliet, eliminating the need for a "second trick" operator.

Though Carter's service with this railroad only dates back 29 years, he started "railroading" in 1910 when he started as a telegrapher with the Texas & Pacific railroad at Robeline, La. He followed this experience by working with a number of other railroads and seven steamship companies as telegrapher and wireless operator before coming to the Rock Island. He was with the company at its Auburn Park station for six years before being transferred to Mokena.

Another Mokena man also takes pride in this new depot—Morry Larson. When he heard that the new depot would be open for business Monday, he was the first in line, purchasing a round trip ticket to Chicago. When Morry was asked how he enjoyed his trip, he stated: "I didn't go—I'm saying this ticket for a souvenir, I'm going to frame it!"

When the old depot is razed the space will probably be made into a parking area for commuters' cars.

Campaign Against Flies to Start Soon

Freddie Fly, the pesky ordinary housefly, is going to have the fight of his life this summer. And he'll probably die in the battle.

Four state agencies are again putting on a state-wide fly-control campaign. It's an improved version of last summer's program. Joint sponsors during both years were the University

of Illinois agricultural extension service, Illinois Agricultural Association, State Natural History Survey, and Illinois Department of Public Health.

M. B. Petty, insect specialist in the College of Agriculture and the State Natural History Survey, says nine district meetings are scheduled for the first two weeks in April as the "kick-off" for the 1949 campaign.

Farm advisers will invite their county leaders to these meetings, and the 1949 program will be explained.

Petty says farmers can expect at least \$5.00 more milk per cow and \$3.00 more meat per beef animal from spraying to get rid of blood-sucking flies. Any city folks will have a healthier, happier life without the ordinary housefly.

The meeting in northeast Illinois will be held Tuesday, April 12, St. Charles at the Auditorium, Community Center.

Rules of Temperance

Lesson for April 24, 1949

THERE IS REALLY something funny about it. Consider a First Church congregation singing: "Jesus, I my cross have taken, All to leave and follow thee; Destitute, despised, forsaken, Thou from hence my All shalt be." Oh, come, come, ladies and gentlemen! Your cross? Where is it? "All to leave"—? You are going right back to your homes for an extra-good Sunday dinner. "Destitute"—? (Some congregations, believe it or not, actually sing "naked, poor," instead of "destitute.") Not a one of you ever has been on relief; you probably have more money in the bank than most of the people who didn't come to church.

Dr. Foreman

Some People Cannot be Christians

IT MAY BE FUNNY to compare what the congregation is singing about themselves with what they really are. But it is sad, too, because that hymn illustrates how foggy-minded some Christians are about their own "cross."

They can sing blithely about it, and even complain (in song) about their own condition as something for the Salvation Army to look into, when they don't mean a word of it.

The fact is, Jesus did demand just the thing the hymn describes. He said, in so many words, "Whosoever doth not bear his cross and come after me cannot be my disciple."

What Did Jesus Mean?

THERE ARE TWO ways of misunderstanding Jesus here. One wrong line is taken by those who think Jesus did not mean a word he said. The other wrong line is taken by a very few people, a very few indeed, who take Jesus absolutely literally. They believe that no one can be a true, 100 per cent Christian, unless and until he gives up all his property, all his family, and lives alone and wild, a hermit in the wilderness. The facts show that both these interpretations are false. The world has never been really made better, either by selfish, comfort-loving, worldly Christians, or by the wild and woolly hermits who are clean "out of this world."

"Love Thyself Last"

THE WISEST, the most devoted Christians, have known better what Jesus meant. Jesus' own parable of the "rich fool" gives us the hint. He tells of a man who had everything he wanted... but when he came to die, discovered he had nothing. In that little story Jesus shows us a man who put himself before all other persons; who put himself before God; and who put things before character. He lived for his body, he lived for his comforts, he lived for himself.

The neighbors, maybe, called him smart because he was rich; but God called him a fool, and what God calls a man, that he is.

Taking the cross means living as Jesus lived, not as that fool lived.

Christians and Liquor Don't Mix

CONSIDER JUST ONE illustration of what Jesus means. Should a Christian drink alcoholic liquors? If you are not a Christian, you can try to answer this from non-Christian reasons; but that is not the question. Shall a Christian drink? Just think about this in the light of what Jesus said. The disciple of Christ will deny himself; does the drinker deny himself? The disciple of Christ will put Christ first always; but what does the drinker put first? Jesus called a man a fool who lived for his bodily pleasure, lived for himself; what would he call the man who thinks he can "take it or leave it" but who is actually tied to his bottles?

It is true, a selfish man may perhaps (for selfish reasons, such as saving money) deny himself liquor, tobacco, or even tea and coffee, and still be no Christian.

But a man who really denies himself, who loves himself last, will find that other self-denials follow as a matter of course. A man who lets his appetite dictate to him, especially his appetite for alcohol, is a man who is letting real self starve.

RIGHTS MUST BE EARNED SAYS GRANGE LEADER

Albert S. Goss, Master of The National Grange, has written a telling editorial on the important subject of "Human Rights Versus Human Responsibility." He points out that the General Assembly of the United Nations has officially stressed rights which are theoretically owed the individual by the state, such as the right to rest and leisure, protection against unemployment, housing and medical care and other forms of social security.

Then Mr. Goss writes: "We believe the United Nations is tackling the whole question of human rights wrong end first.... What the world really needs is a Declaration of Human Responsibility! People need to learn that they cannot expect something for nothing. Furthermore, self-government falls when a majority fails to realize that they must contribute as much as they take out. For example, the impossible economic situation in France today is the result of the people demanding more of the government than they give...."

"It is high time we return to the simple philosophy of willingness to work."

One great difficulty that must be met

by the framers of any United Nations declaration of policy is that they must satisfy scores of nations and governments which subscribe to every kind and form of political theory. However, the peoples of the free countries, the United States included, have gone a long way down the deadly path that leads to complete governmental domination of our lives. The "gimme" spirit has reached tragic proportions. And so has the idea that government "owes" us protection against every possible exigency.

To quote Mr. Goss again, "Rights

must be earned through the exercising of responsibility." In a free country, the people support their government, and give it orders. In a dictatorship, the government takes over the people, and gives them orders. The distinction is that simple.
